A Computer scientist, Graphics designer and Big data enthusiast with a diverse 4 years of experience as an ICT instructor, a research assistant and a Data visualization developer at Grundfos - R&D department. A quick learner, team player and can communicate clearly and effectively. Now looking for new opportunities and challenges in a Danish work market.

EXPERIENCE

EDUCATION

Experience

Data Visualization Developer at Grundfos – R&D

January 2016 – June 2016

At Grundfos I worked in two main areas. One was to re-structure, design and develop a SharePoint site for all the Technology projects in R&D. And second, was to design, develop and test a prototype system for the Big data system for a digital pump called AQtap. www.grundfos.com

Web developer volunteer at Frivilligværket

June 2016 - To date

I am currently still working with this project on voluntarily basis. Here I am working for frivilligvaerket organisation to create a web app which will act as for volunteer job portal. A platform where volunteers and volunteers recruiters in Randers will meet. www.frivilligvaerket.dk/

Kilimo fasta Android App – Private Project

Kilimo fasta android app is an app that is designed to support small and middle scale farmers in East Africa. The app features a fictional character 'Bwana shamba' – meaning the farm expert; who on a conversation basis gives users farming advice and tips based on what information users have requested. The app was also nominated for a Vodacom Africa Apps award for young African innovations. <http://goo.gl/O5o2Jt>

Backend developer and Graphics designer

December 2012 - June 2013 (6 months)

My duties were to maintain the backend of the website using TYPO3 software, update the website, make new graphics and Gif animations. I also did graphic work for the magazine and billboard when I had time. www.feminahip.or.tz

More Experiences:

ICT Instructor at Open University of Tanzania.

June 2011 - June 2013 (2 years 1 month) www.out.ac.tz/

Co-Founder & Chief Operational Officer at Tanzania Heritage Project.

June 2009 - May 2013 (4 years). www.tanzaniaheritageproject.org

Research Assistant at University of Oxford – Wireless water project.

August 2012 - September 2012 (2 months) <http://www.water.ox.ac.uk/>
